

REMARKS

This correction fulfills the request of the patent office and removes the inconsistency between the drawings and the specification.

The amendment to the specification corrects a clerical error and as such does not add new matter.

Respectfully submitted,

Kim Kanzaki, Ph.D.
Attorney for Applicant
Reg. No. 37,652

I hereby certify that this correspondence is being deposited with the United States Postal Service as first class mail in an envelope addressed to: Commissioner for Patents, P.O. Box 1450, Alexandria, Virginia 22313-1450, on October 25, 2005
